

Microsoft Gaming Keyboard Reclusa

With the Microsoft Reclusa gaming keyboard, powered by Razer®, you get the best of both worlds - the latest in Razer gaming technology with the comfort and reliability you expect from Microsoft. Experience Reclusa, and experience PC gaming on the cutting edge of competition.

Features:

- **Blue LED Backlighting**

Ambient backlit keys allow gaming in low-or no-light conditions.

- **Razer Hyperresponse™ Gaming Key Action**

Reduces key latency for maximized response.

- **Two 360-Degree Jog-Dials**

One on each side of the keyboard for quick access during gameplay.

- **Four Bumper Buttons**

Programmable buttons that enable easy access to common keyboard commands.

- **Six Programmable Gaming Hot Keys**

Create and store different macros and keystrokes for each game profile – gamers can combine several moves with the touch of one key.

- **On-The-Fly Profile Management**

Users can create and store Key Mapping and Macros for each game profile; keyboard software also automatically assigns different game profiles for supported games.

- **Detachable Padded Wrist Rest**

Ergonomically designed for exceptional comfort.

- **Gold-plated USB Ports**

Provides additional peripherals plug-in access with maximum conductivity.
