

Microsoft Natural Wireless Laser Mouse 6000

Overview

This mouse is designed to conform to your hand in its most relaxed position. Breakthrough ergonomic design, the tilted, elevated hand position is designed to reduce pressure on the carpal tunnel and wrist.

Features

- Revolutionary Ergonomic Design**

Soft-touch materials and an ergonomic design fit your hand as naturally as a handshake.

- Instant Viewer**

Too many open items on your desktop? Click the scroll wheel button to instantly display your open windows, then point and click to select.

- 4-Way Scrolling**

Scroll four ways for greater efficiency and comfort with Tilt Wheel Technology.

- Magnifier**

Point and click to enlarge and edit detail using the Magnifier*.

- Battery Life Indicator**

You won't get caught with a dead battery—the Battery Status LED Indicator glows red when the battery is running low.

- High Definition Laser Technology**

Microsoft High Definition Laser Mouse products are more precise, more responsive, and deliver smoother tracking.

- Customizable Buttons**

Get quick access to the media, programs, and files you use most often with customizable buttons.

- Wireless Freedom**

Give yourself room to move—wireless mouse and keyboard products let you work without worrying about tangled wires.

- Five Customizable Buttons**

This mouse has five buttons that can be programmed to do a variety of functions.
