

Microsoft Wireless Entertainment Desktop 8000

The ultimate rechargeable keyboard and mouse for Windows Vista® and PC entertainment. Designed to make it easier than ever to control PC media from your desk, your lap—or even from the comfort of your couch.

Rechargeable Mouse and Backlit Keyboard

First ever rechargeable mouse and backlit keyboard solution. Microsoft's exclusive charging hub allows you to recharge both the mouse and keyboard in one easy-to-use place.

2.4 GHz Bluetooth® Technology

Connect wirelessly right out of the box with First Connect Technology for up to 30 feet with virtually no interference.

Battery Status Indicator

You'll know when power is low when the battery status indicator senses battery life is running out.

4 USB Ports

Integrated USB ports in the charging station give you the flexibility to download images from your digital camera or plug in your thumb drive or other USB device—right from your desktop.

Wireless Freedom

Give yourself room to move—wireless mouse and keyboard products let you work without worrying about tangled wires.

3 Year Warranty

o [Limited Warranty and License Agreement available here.](#)

Mouse Features

Rechargeable Mouse and Keyboard

Status indicator flashes when batteries need charging. Mouse drops onto the stable, horizontal charging station to activate charging.

4-Way Scrolling

Scroll four ways for greater efficiency and comfort with Tilt Wheel Technology.

High Definition Laser Technology

Microsoft® High Definition Laser Mouse products are more precise, more responsive, and deliver smoother tracking.

Instant Viewer

Too many open items on your desktop? Click the scroll wheel button to instantly display your open windows, then point and click to select.

Magnifier

Point and click to enlarge and edit details using the Magnifier*.

Brushed Aluminum

The sleek, symmetrical design features an authentic brushed aluminum that feels as good as it looks.

Intelligent Power System

Adjust battery life depending on performance needs.

Keyboard Features

Navigation Pad

Command your PC from your lap or the comfort of your sofa with the integrated cursor control.

Windows® Start Button

Press to launch your Start menu and search your PC or the Web if you have Windows Vista installed.

Ultra-thin Comfort Curve Design

Place your hands naturally and work comfortably using the distinctive and ergonomist-approved Comfort Curve design with quiet touch keys.

Windows Live™ Call Button

Just press this button to access your Windows Live Messenger contact list; then select an Online Contact and start a video conversation.

Compact Industrial Design

This sleek design reduces clutter on your desk, fits on your lap and complements your flat screen monitor.

Gadgets Button

One-touch access to gadgets such as weather information, news updates, traffic maps and slide shows of online photo albums.

Media Center Start Button

One touch access to Windows Media Center.

Ultra-thin Keyboard

Experience true comfort with the ultra-thin Comfort Curve keyboard plus quiet touch keys.

Intelligent Backlighting

Backlighting comes on automatically when you approach the keyboard and turns off when you're away, saving valuable battery life. And, backlight intensity automatically adjusts itself to the room lighting conditions.

Media Controls

Media Controls allow you to easily navigate to next track, previous track, play, pause and volume control.

"My Favorites" Hot keys

Access the folders, files, and Web pages you use most with one-touch "My Favorites" Keys.

System Requirements

Computer/Operating System

Requires a PC that meets the requirements for and has installed one of these operating systems: Windows Vista® or Windows XP (XP Professional/Home Edition/Media Center Edition/Tablet PC Edition).

IMPORTANT: For best results and Bluetooth® device compatibility, use the included Microsoft mini Bluetooth transceiver. Service Pack 2 is also required with Windows XP.
