

Microsoft SideWinder Mouse

Elevate your skills with a revolutionary mouse designed to provide you with unprecedented performance, handling, and adaptability. Customize your mouse with every game you play using advanced software and adjustable accessories. Use the first ever LCD display on a gaming mouse for macro recording and DPI settings to reduce on-screen interference during game play.

- Shape Designed for Handling**

The unique shape and button positions are engineered for fast, comfortable, precise gaming action.

- On-the-Fly DPI Switching**

Three buttons instantly switch between DPI 400, 800, and 2000 - or you can customize settings using special software.

- First-Ever LCD Display on a Mouse**

DPI settings and macro recording icons are displayed on the mouse to reduce on-screen interference.

- Cable Anchor + Accessories Storage Box**

Enjoy wired performance with the feel of wireless, easily adjust your cable configuration, and conveniently stow away your accessories.

- Quick Launch Button**

One-touch takes you to Games Explorer in Windows Vista. Easily access your games on your PC.

- 5 Programmable Main Buttons**

Customize your main gaming buttons to your preference.

- Advanced Gaming Software**

Buttons and switches can be assigned on the fly, you can program macros and profiles, and game settings can be customized for fast action.

- Engineered for Speed**

- RESOLUTION: 2000 dpi
- IMAGE PROCESSING: 7080 frames per second
- MAX ACCELERATION: 20 G
- MAX SPEED: 45 inches per second
- USB REPORTING: 500 Hz
- GLIDE: 3 sets of different mouse feet (for glide preference)
- BUTTONS (Left/Right): 9 million clicks

- Replaceable Mouse Feet**

Choice of three different materials for glide preference.

- Wide Metal Scroll Wheel**

Better feel and response with detent clicking action.

- Vertical Metal Side Buttons**

The top/bottom design makes locating the side buttons easier and reduces the inadvertent actuation risk.

- Adjustable Mouse Weights**

Select your preference of mouse weight with the included 4 weights, giving you the choice to adjust your mouse weight anywhere between 5 and 30 grams in 5 gram increments.
