Microsoft Basic Optical Mouse 500

Features :

Optical Technology
Navigate with better speed, accuracy and reliability—the optical sensor tracks movement on nearly any surface without the hassle of clogged mouse parts.

Comfortable in Either Hand
Use your mouse with your left or right hand—ambidextrous design makes it comfortable either way.

Wheel Scrolling
Move through your documents quickly without having to click on the scroll bar.

Computer/Operating System
Windows Vista®, Windows 98/2000/XP/Pro/Home/Media Center Edition/Tablet PC Edition

Other
USB port
